

Mission

The mission of Little Diamonds Preschool is to provide care in a creative learning environment which will assist preschool aged children in the development of the total child. Special attention will be placed on physical, social, emotional, and cognitive development. A progressive continual curriculum will be followed in a safe, secure, and stimulating environment filled with opportunities to explore and experience as a means of growth and development.

Philosophy

A child's education should include all areas of development; physical, mental, and social. Play is the natural way a child learns. Therefore it is through play that children learn to concentrate, exercise their imagination, understand their bodies, try out ideas, and to develop a sense of control over their world. In order for a child to have a balanced education play should be both directed and self directed.

About the Director

Allow me to introduce myself and tell you a little bit about me. My name is Robin Sullivan. I have been in the child-care business for the past 23 years! I have three children of my own and countless others that I get to love. Zac is my oldest at twenty and is a Sophomore in college. My twelve year old, Caleb is in the sixth grade. My daughter, Madison is eleven years old and in fifth grade.

Children are my love and passion. I have worked as a nanny, owned my own home based child care and worked in preschools as a Director, Music Director and Teacher. I enjoy volunteering in children's ministries as well.

I recognize the fantastic responsibility and influence I have with my students and I am so very excited to enrich your child's life through academics, fitness and play.

My belief is that every child is a gift and will always be treated as such under my care and supervision.

I am looking forward to another exciting year of preschool! Working together, it is my goal that your child thrives, grows and feels a sense of home while at Little Diamonds Preschool.

Warmly,
Ms. Robin Sullivan

About Black Diamond Kids Center

Our mission is to help children and teens succeed in life by developing in them a healthy self-esteem in a positive learning atmosphere. We have been accomplishing this mission for 10 years. Little Diamonds Preschool is a natural extension of the education process that has been occurring at our facility for 10 years.
